Alexandria, VA 22314

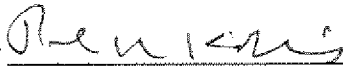

Sir:

The applicants are filing herewith a Request for Continued Examination in order to obtain entry and consideration of the amendment filed April 16, 2009. It is understood from telephone discussion with the Examiner on June 2, 2009 that the changes proposed with said amendment obviate the Examiner's "product-by-process" concerns but that further search and consideration of the claims, as amended, would be required and that such review, including entry of the amendment, would not be permissible after final rejection. Accordingly, the present RCE is being filed to obtain consideration of the non-entered amendment.

Favorable action is requested for the reasons noted in said amendment.

Respectfully submitted,

MORGAN LEWIS & BOCKIUS LLP
